STONEHORSE
BY KAESLER

Cabernet Sauvignon - 2022

The Stonehorse is a symbol of power, strength, elegance, and grace, just like our estate wines in this range. Stonehorse by Kaesler is a true reflection of regional diversity and blending creativity.

VINTAGE CONDITIONS

The generous winter rains replenished the soil profiles, giving the vines an excellent start to the growing season. The unusually cool summer provided ideal conditions for the vines to stay healthy and well-balanced. This extended ripening period resulted in fruit with a perfect blend of vibrant color, high natural acidity, and concentrated flavors.

REGENERATIVE FARMING

At Kaesler we strive to not only maintain but rebuild the soils, because at the end of the day we want to leave these precious old vines in better condition than we found them. It's a process called 'regenerative farming' as it's more than sustainability, it is a practice that constantly evolves so we are not just sustaining the environment we are improving it.

WINEMAKING

The fruit for the Stonehorse Cabernet Sauvignon is coming from our estate vineyards in the Watervale & Polish Hill sub region of the Clare Valley, the vine age is from the mid 80s. The fruit is machine harvested early mornings, crushed and destemed, fermentation is 7 days , pressed to tank and let rest for a few days. Half is then put to 2 and 3 year old barrels, the balence staying in tank

APPEARANCE

Deep crimson,

BOUQUET

Cedarwood and lifted blue fruits, a hint of mint.

PALATE

The mouth fills with peppermint patty chocolate, fine varietal tannins and a nice underline of mocha from the French barrels.

FOOD PAIRING

Roast chicken with skhug. Asian slow-braised beef. Eggplant, tomato and pine nut roast.

Varieties	Cabernet Sauvignon 100%
Vine Age	Planted in 2000
Region	Clare Valley
Soil Type	Loam over clay
Harvest	Machine harvest
Oak Origin	French
Maturation	15 months
Winemaker	Tim Dolan & Stephen Dew
Closure	Screw
pH/TA	3.43/6.11g/L
Vegan	Yes
Alcohol	14%
Peak Drinking	Now - 2032
